MAXIMUM ADJUSTMENT CONTROL

Controller and control panel provide multiple adjustment options: light effects, static color, adjustable speed and brightness, random mode.

LIGHT MODES

2 MUSIC-SYNCED LIGHTING MODES

Experience a dynamic, immersive atmosphere in perfect sync with your playlist, with full control over sensitivity, brightness and lighting speed.

3 LIGHTING MODES, 8 COLORS AND RANDOM MODE

Explore a wide range of lighting modes or create your own with your preferred color.

EASY INSTALLATION

Bluetooth control units for fewer cables and faster installation.

Installation kit included with adhesive strips and drill bit for mounting.

Flexible and cuttable LED strips.

Code 07309	12V Pack 1 KIT	Package contents
		DASHBOARD: 1 led strip 20 cm, 1 led strip 90 cm. DOORS: 4 led strips 74 cm, 4 storage compartments led light points. HANDLES: 4 led light points. FOOTWELL: 4 led light points. CONTROLLER. CONTROL PANEL.
		BLUETOOTH CONTROL UNITS: 1 Host, 4 Sub.
		WIRINGS, DRILL BIT, ADHESIVE STRIPS, INSTRUCTION MANUAL.

MASTER PLUS BLUETUNE

FULLY DIMMABLE POWER LED BULBS

LED | REFLECTOR HEADLIGHTS | 12V

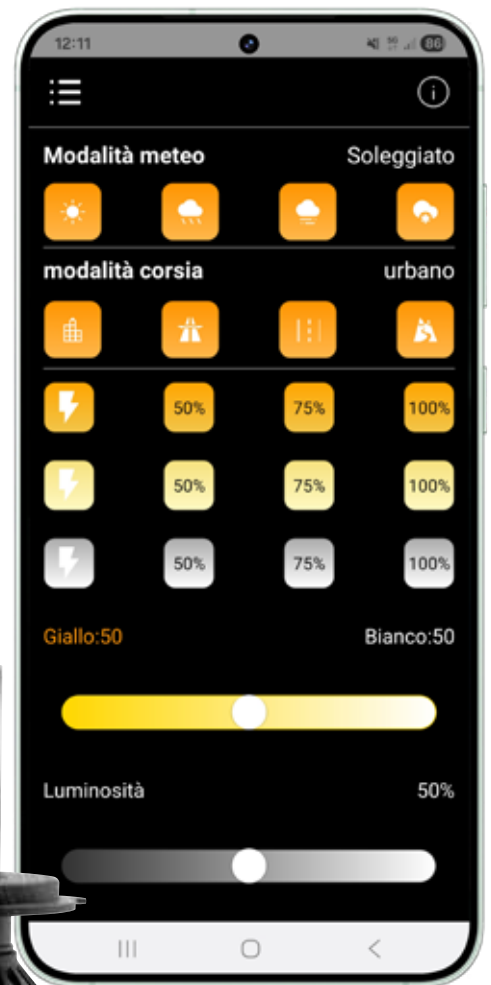

★ Powerful smart LED bulbs with app control

Innovative LED bulbs designed for passenger cars, enhancing the driving experience with advanced and fully customizable headlight control.

Engineered to adapt to all weather conditions, they can be easily controlled via the "Driver Light" app, available for smartphones and Phonocar universal mediastations.

The Bluetooth-enabled driver, integrated cooling fan and multiple adjustment presets make Master Plus Bluetune the ultimate headlight upgrade.

PRESETS & CUSTOMISATION

Instant setup with Weather and Road presets, or fully customizable via intuitive controls.

BRIGHTNESS ADJUSTMENT

Adjustable brightness for optimal visibility even in adverse weather conditions.

COLOUR ADJUSTMENT

Adjustable color temperature from white to yellow for maximum performance in all driving conditions.

MASTER PLUS

MAXIMUM POWER LED BULBS WITH ACTIVE COOLING

LED | REFLECTOR HEADLIGHTS | 12V

✦ **Deep and precise beam pattern for maximum road visibility.**

LED bulbs with external driver and integrated cooling fan for efficient performance and extended lifespan.

Premium replacement bulbs designed to maximize reflector headlight performance.

WIDE COMPATIBILITY

Wide range of fittings for the most popular passenger car models.

REDUCES CANBUS ERRORS BY UP TO 95%

Optional interfaces available for the remaining cases.

H7 CUSTOMFIT Volkswagen and Mercedes-Benz 07534 Plug&Play H7 bulb.

10000

✦ **Lumen max** 5000/each

VARIABLE SPEED SMART FAN

Integrated cooling fan, silent and controlled by the driver.

BEST DRIVER PERFORMANCE

Superior performance ensured by constant brightness and temperature control.

CAN-BUS CONTROL

Advanced control circuit eliminates most errors, even on latest-generation vehicles.

LENS

THE MOST POWERFUL LENTICULAR LED BULBS

LED | PROJECTOR HEADLIGHTS | 12V

✦ Projector headlights: the ultimate expression of LED performance.

LED bulbs engineered to enhance the beam pattern of projector headlights, delivering superior visibility without glare.

With 8400 lumens per pair, they deliver a powerful, uniform and precisely controlled light output.

The external driver and integrated cooling fan ensure stable, consistent performance, while advanced engineering guarantees long operating life.

**MAXIMUM PRECISION.
MAXIMUM PERFORMANCE.**

8400

✦ **Lumen** 4200/each

HIGH PERFORMANCE BRIGHTNESS

High light output enhances beam precision and uniformity in projector headlights.

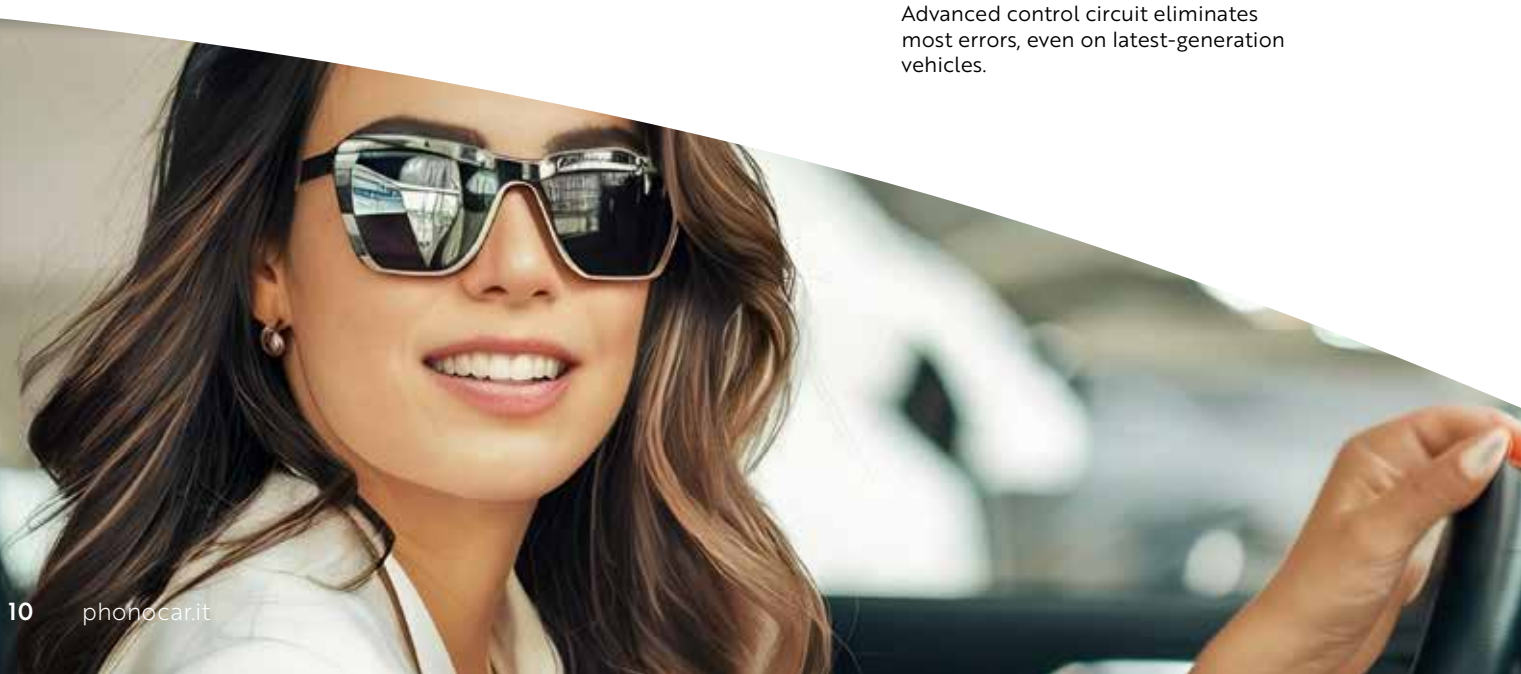

EXTREMELY RESISTANT

Extremely durable LEDs with a failure rate of just 0.1%.

CAN-BUS CONTROL

Advanced control circuit eliminates most errors, even on latest-generation vehicles.

TORNADO

POWER LED BULBS

LED | REFLECTOR HEADLIGHTS | 12V

✦ Power, reliability and innovation

LED bulbs that faithfully replicate the beam of traditional halogen bulbs, delivering significantly higher brightness with a wider and more precise beam.

The integrated cooling fan and optimized chipset positioning ensure consistent performance and maximum reliability.

Fast Plug & Play installation and advanced CANBUS compatibility make TORNADO the ideal solution to replace worn-out bulbs on any vehicle.

POWER COOLING

High light output with a precise beam pattern. Smart micro cooling fan integrated into the bulb for optimal heat dissipation.

5600

✦ Lumen 2800/each

PLUG&PLAY INSTALLATION

Designed to fit perfectly into reflector headlights with no external adapters or modifications required.

HIGH CAN-BUS COMPATIBILITY

Advanced CANBUS compatibility: no more false bulb failure warnings. Optional interfaces available if needed.
